

CHTL Team,

Jim and I watched the program Friday and the new set is wonderful. The blues and greens were crisp and vibrant. Tracy's message was a blessing! Jim asked me "why aren't these people on the world feed"? "This is as good as it gets!" She has something! She is anointed to teach and her teaching is so applicable! GRACE! She connects with people. God is using your entire Ministry Team to reach hearts. The entrance of His Word brings light. And we know that it also brings change, peace, purpose and much, much more.

I know you all are praying about Come Home To Life and the course the Lord would have you take this year. We're adding some "Super" to our natural thinking because the Lord tells us in His Word that His ways and His thoughts are higher than ours. Matthew 24:14; as you step into preaching the Gospel to the nations, God's favor will pour out upon you. He has gifted your Ministry, and you are being faithful to use those gifts to honor Him and make Him known. Trust Him to go beforehand, by His Spirit, and prepare hearts to receive His Word.

Continued blessings on this exciting labor of love you have entered into. May the Lord continue to anoint you and give you revelation and keep your programming fresh and on the cutting edge of what He is doing in the earth. We're blessed to be carrying the Come Home to Life Program.

Thank you Come Home To Life Family.

God Bless you!

Jim and Chris Gabriel
